

## Dual Thermostat – NC & NO 0-60°C

- Product SKU: **THDU**
- 35mm DIN Rail Mount
- Manufactured: Turkey
- Colour of potentiometers: Red and Blue

### Product Image

### Technical Data

**Voltage rating:** 250V AC

**Current rating:** 16A

Electrical Characteristics	
Temperature Setting Range	0 - 60 C
Contact Function	NC + NO
Electrical Connection	4 POLE TERMINAL
Sensor Type	Bimetal
Contact Type	Snap Action
Operating Temperature	( - 25 ) ( + 80 )
Plastic Material	ABS UL94 V-0
Protection Class	IP 20

## Functionality Examples

### Cooling

Air temperature 30°C

Cooling set at 40°C = contacts open - air temp (30°C) below set point (40°C) (cooling not required)

Cooling set at 20°C = contacts closed - air temp (30°C) above set point (20°C) (cooling required)

### Heating

Air temperature 30°C

Heating set 40°C = contacts closed – air temp (30°C) below set point (40°C) (heating required)

Heating set 20°C = contacts open – air temp (30°C) above set point (20°C) (not required)

## Product Dimensions

Length:	67 mm
Width:	50 mm
Depth:	46 mm
