Product Details

Part No.	Detail
RB-2P-DS	2 Pole Relay Base – Push In

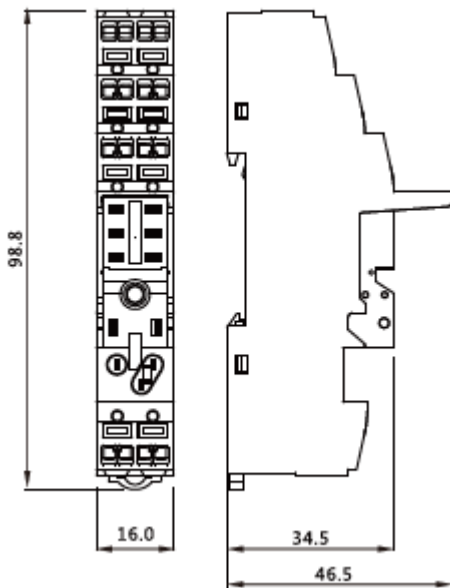

Product Features

- Push-in terminals for quick connection of solid wires or ferrules
- Terminals can be opened to extract the wire by use of the push-button
- Terminals are equipped with a test hole to take a test probe
- Fast connection between different base modules with the use of Jump Link 2 Pin RLB-DS

Product Specifications

Rated Current / Rated Voltage	12A / 300V
Dielectric strength adjacent contact circuits	2.5kV
Conductor cross section solid and stranded	Min 0.5mm ² / max 2.5mm ²
Stripping length	7mm
Terminal Type	Cage Clamp Terminal (Push In)
Link Bar Rated to Ith	6A
Ambient temperature (operation)	-25°C – +85°C
